

**16<sup>th</sup> of May 2017: DC & Cloud Day (Cloud Security / Cloud Infrastructure)**

		DC & CLOUD DAY			
Start	End	Cloud Security <i>Moderator Christer Swartz on behalf of SIGS</i>	Cloud Security <i>Moderator Christian Sillaber on behalf of SIGS</i>	Best Practice Stream <i>managed by Laux Lawyers</i>	Workshop <i>managed by Ivan Pepelnjak &amp; NIL</i>
08:00	09:00	<b>Registration &amp; Coffee</b>			
09:00	09:30	<b>Short introduction of the sponsors / event partners</b>			
09:30	10:00	<b>Keynote</b> <i>Ivan Pepelnjak &amp; Christer Swartz - Three Geographies of IT – Silicon Valley, US and Rest-of-World</i>			
10:00	10:30	<b>Keynote</b> <i>Cisco, Dirk Stöckmann, Technical Solution Architect - Impact of Digital Transformation on Data Centers and Clouds</i>			
10:30	11:00	<b>Break</b>			
11:00	11:25	<i>Tenable Network Security, Jens Freitag, Security Specialist</i> <b>The State of Security: Securing today's elastic IT assets</b>	<i>iWelcome, Corné van Rooij, Vice President Product Management</i> <b>Identity in the Cloud; IAM for the new Digital Age</b>	<i>Swisscom, Roland Ringgenberg, Digital Architect</i> <b>Secure Enterprise Software Delivery in the Age of Platform-as-a-Service</b>	<i>Workshop managed by Ivan Pepelnjak &amp; NIL</i> <b>Workshop VMware NSX, Cisco ACI or standard-based EVPN?</b>  <a href="http://www.digs.ch/digs-workshop-evpn/">http://www.digs.ch/digs-workshop-evpn/</a>
11:35	12:00	<i>Tufin, Pierre Visel, Director CEMEA</i> <b>Cloud and SDN concepts will raise the flexibility of modern networks extremely... but will also result in "lost of control"!</b>	<i>keyon AG, René Eberhard, CEO</i> <b>Classification and label-centric security approach in O365 – understanding the big picture</b>	<i>Laux Lawyers AG, Christian Laux</i> <b>Cloud Privacy Check – Data Protection Law Made Easy</b>	
12:00	01:45	<b>Lunch</b>

**16<sup>th</sup> of May 2017: DC & Cloud Day (Cloud Security / Cloud Infrastructure)**

DC & CLOUD DAY					
Start	End	Cloud Security <i>Moderator Christer Swartz on behalf of SIGS</i>	Cloud Security <i>Moderator Christian Sillaber on behalf of SIGS</i>	Best Practice Stream <i>managed by Laux Lawyers</i>	Workshop <i>managed by Ivan Pepelnjak &amp; NIL</i>
01:45	02:15	<b>Keynote</b> <i>ServiceNow, Myke Lyones, Director and Head of Strategy – Build your wings before jumping into the Cloud</i>			
02:15	02:45	<b>Keynote</b> <i>Microsoft Switzerland, Dr. Marc Holitscher, Chief Technology Officer - The Intelligent Security Graph</i>			
02:55	03:20	<i>Qualys, Leif Kremkow, Director Technology Cloud Services – Friend or Foe?</i>	<i>Vertiv resp. Deltalis, Frank Harzheim, CEO From Military Bunker to Weapons Grade Datacentre – a customer success story</i>	<i>Bank Julius Baer &amp; Co. Ltd, Martin Pauli- Burckhardt, Head Legal Procurement, Outsourcing &amp; Data Privacy Best Practice Cloud Computing from a bank's perspective</i>	<i>Workshop managed by Ivan Pepelnjak &amp; NIL Workshop VMware NSX, Cisco ACI or standard-based EVPN?</i>
03:20	04:00	<b>Break</b>			
04:00	04:25	<i>SailPoint, Michael Lang, Manager Sales Engineering The Power of Cloud IGA PowerUP your journey to the Cloud</i>	<i>Securosys, Robert Rogenmoser, Founder &amp; CEO, Member of the Board of Directors HSM in the Cloud – Threats and Opportunities</i>	<i>Laux Lawyers AG, Mark Schieweck, Partner License Compliance in the Cloud</i>	<i>Workshop managed by Ivan Pepelnjak &amp; NIL Workshop VMware NSX, Cisco ACI or standard-based EVPN?</i>
04:35	05:00	<i>Inpher, Jordan Brandt, CEO and Cofounder Touch but don't see; practical uses of encrypted computing</i>	<i>Redguard AG, Sven Vetsch, Partner &amp; Head of Security Research Contain All Evil – Securing your infrastructure using container technologies</i>	<i>andrion AG, Aniello Bove, CEO Main differences between Cloud Migration and Regular Migration</i>	<a href="http://www.digs.ch/digs-workshop-evpn/">http://www.digs.ch/digs-workshop-evpn/</a>
05:10	05:35	<i>VSHN AG, Aarno Aukia, Co-Founder and CTO SecDevOps – securing DevOps</i>	<i>xorlab, Antonio Barresi, Co-Founder and CEO Side-Channel Attacks in the Cloud</i>	<i>Laux Lawyers AG, Alexander Hofmann, Partner und Co-Founder Swiss Business Innovation Club Panel Discussion – Get it Right</i>	
05:35	open end	<b>Apéro</b>

**17<sup>th</sup> of May 2017: Security Day (several Information Security Topics)**

SECURITY DAY							
Start	End	Cyber Security Stream <i>Moderator Max Moser on behalf of SIGS</i>	Security Operations Stream <i>Moderator Christian Sillaber on behalf of SIGS</i>	Cyber Security Stream Maurits <i>Moderator Lucas Maurits on behalf of SIGS</i>	Endpoint & IAM <i>Moderator Mark Arnet on behalf of SIGS</i>	GRC End Customer Stream <i>Moderator Jiri Cejka, ISACA &amp; Umberto Annino, President at ISSS</i>	
08:00	09:00	<b>Registration &amp; Coffee</b>					
09:00	09:30	<b>Short introduction of the sponsors / event partners</b>					
09:30	10:00	<b>Keynote</b> <i>CERN, Stefan Lüders, Head of Computer Security - Security in an Academic Environment: The Balance between Academic Freedom, Operations &amp; Computer Security</i>					
10:00	10:30	<b>Keynote</b> <i>Cisco, Story Tweedie-Yates, Head of Security Business Unit – EMEAR - The frontiers of cybersecurity; how to prepare</i>					
10:30	11:00	<b>Break</b>					
11:00	11:25	<i>ObserveIT/IBV, Kris Kormany, Business Analyst and Consultant</i> <b>Abracadabra! Transforming your internal users- your most vulnerable security link- into your greatest guardians</b>	<i>Qualys, Leif Kremkow, Director Technology</i> <b>Hallmarks of a Successful Vulnerability Management Program</b>	<i>Vectra Networks, Matt Walmsley, EMEA Director</i> <b>Using AI to catch in-progress cyber attacks</b>	<i>Avecto, Dennis Weyel, Senior Technology Consultant</i> <b>Social engineering is nothing new! The solution is simple</b>	<i>Casinos Austria / Austrian Lotteries, Michael Mrak, Head of Departement Compliance</i> <b>Thoughts on the meaningful use of compliance management systems Michael Mrak, Casinos Austria</b>	
11:35	12:00	<i>BitSight Technologies, Frank Weisel</i> <b>Simplifying vendor risk management through continuous risk monitoring</b>	<i>Balabit, Martin Grauel, Pre-Sales Manager EMEA</i> <b>How Context is Key in Preventing Data Breaches</b>	<i>Kudelski Security, Martin Dion, Vice President EMEA Services</i> <b>Bridging the gap between Cybersecurity &amp; the Business</b>	<i>SentinelOne, Andy Norton, Risk Officer – EMEA</i> <b>Elastic Defence</b>	<i>SUA Telenet GmbH, Markus Martinides, CEO and independent IT Security Audit Expert</i> <b>Security Audits – How secure is your IT landscape?</b>	
12:00	01:30	<b>Lunch</b>

**17<sup>th</sup> of May 2017: Security Day (several Information Security Topics)**

		SECURITY DAY				
Start	End	Cyber Security Stream <i>Moderator Max Moser on behalf of SIGS</i>	Security Operations Stream <i>Moderator Christian Sillaber on behalf of SIGS</i>	Cyber Security Stream Maurits <i>Moderator Lucas Maurits on behalf of SIGS</i>	Endpoint & IAM <i>Moderator Mark Arnet on behalf of SIGS</i>	GRC End Customer Stream <i>Moderator Jiri Cejka, ISACA &amp; Umberto Annino, President at ISSS</i>
01:30	02:00	<b>Keynote</b> <i>IBM Resilient, Ted Julian, VP Product Management &amp; Co-Founder - The Role of Orchestration in Incident Response</i>				
02:00	02:30	<b>Keynote</b> <i>Zscaler, Bil Harmer, Strategist, Office of the CISO - Change is Merely an Act of Survival</i>				
02:40	03:05	<i>Proofpoint, Adenike (Nikki) Cosgrove, Cybersecurity Strategy EMEA</i> <b>Fighting the next generation of targeted Business Email Compromise attacks</b>	<i>Kudelski Security, Christophe Wachter, Senior Security Analyst</i> <b>Tic, tic, tic ... 146 days !</b>	<i>ServiceNow, Myke Lyones, Director and Head of Strategy</i> <b>Break the Silos between Security and IT Operations</b>	<i>Bromium, Jochen Koehler, Regional Director</i> <b>Immunity – once and for all</b>	<i>Acer, Howard Cheung, CIO</i> <b>Build a secured system from day one with proper architectural planning, governance and change management</b>
03:15	03:40	<i>Rapid7, Samantha Humphries, International Solutions Manager</i> <b>Lying to know the truth</b>	<i>CyberTrap, Avi Kravitz, Co-Founder &amp; CTO</i> <b>Modern deception techniques in the age of failing prevention</b>	<i>Securosys, Andreas Curiger, Founder &amp; CTO/CSO</i> <b>The key to security is in the Hardware - Why we need to use secure Hardware in our ICT System</b>	<i>Cybereason, Richard Cassidy, Director Sales Engineering</i> <b>Security demands Endurance</b>	<i>Nestlé, Rick Rietdijk, Globe Compliance Team Lead</i> <b>Managing cyber risks across a global organization</b>
03:40	04:15	<b>Break</b>				
04:15	04:40	<i>Darktrace, Luana Landolt, Senior Account Manager</i> <b>Self-learning cyber defence through machine learning</b>	<i>Splunk, Alain Gutknecht, Staff Sales Engineer</i> <b>Best Practices for Scoping Infections and Disrupting Breaches</b>	<i>IDQ, Gilles Trachsel, Director Strategic Partner Management</i> <b>Quantum-Safe Security – How the threat of the quantum computer compels us to revise our security strategies</b>	<i>SailPoint, John Waters, Technical Sales Europ &amp; SkyPRO AG, Andreas Fuhrmann, CEO</i> <b>The anatomy of a data breach</b>	<i>WEIDMANN ELECTRICAL TECHNOLOGY AG, Florian Büchting (CIO) and Marco Krieg (Corporate IT Services)</i> <b>Workshop: Best practice approaches to information security with limited financial resources and few business requirements</b>
04:50	05:15	<i>Microsoft, Philipp Hunold, Lead Cybersecurity Specialist Western Europe</i> <b>Disrupting the kill chain</b>	<i>RadarServices, Harald Reisinger, Managing Director Service Management, Research &amp; Innov.</i> <b>Transforming a Cyber Defence Center into a Value Proposition</b>	<i>Checkmarx, Gunnar Winkenweder, Director of DACH</i> <b>SAST is a MUST – Software Security &amp; Early Prevention of Vulnerable Code</b>	<i>Virtual Solution AG, Thorsten Meyer, Director of Product Management</i> <b>Secure Mobile Communication – The Future of Mobile Productivity</b>	
05:25	05:55	<b>Closing Note</b> <i>University of Toronto, Allan Stojanovic, Information Security Architect - Tactical Defence: Principles and Observations</i>				
05:55	open end	<b>Apéro</b>				

**18<sup>th</sup> of May 2017: Hacking Day (Technical “Hacking” & Security Awareness Topics)**

		HACKING DAY			
Start	End	Moderator Max Moser On behalf of SIGS	Moderator David Gugelmann On behalf of SIGS	Moderator Swiss Cyber Storm	Managed by SySS, Sebastian Schreiber
08:00	09:00	<b>Registration &amp; Coffee</b>			
09:00	09:30	<b>Keynote</b> Max Moser, modzero - <b>Hacking 2017</b>			
09:30	10:00	<b>Keynote</b> Sebastian Schreiber, SySS - <b>Live Hacking: How digital attackers are intruding into your systems</b>			
10:00	10:30	<b>Keynote</b> Cisco, Story Tweedie-Yates, Head of Security Business Unit – EMEAR - <b>Cybersecurity topics for tomorrow – today</b>			
10:30	11:00	<b>Break</b>			
11:00	11:25	Avecto, Dennis Weyel, Senior Technology Consultant <b>Social engineering is nothing new! The solution is simple</b>	Kudelski Security, Jean-Philippe Aumasson, Principal Research Engineer <b>How secure are secure messengers? Our experience reviewing popular applications</b>	Flashpoint, Maurits Lucas, Director Strategic of Accounts <b>Know Thy Enemy</b>	Workshop managed by SySS GmbH, Sebastian Schreiber, Founder and Managing Director <b>Planning and Implementation of Penetration Tests</b>  <a href="http://www.sigs-switzerland.ch/workshop_penetration_tests/">http://www.sigs-switzerland.ch/workshop_penetration_tests/</a>
11:35	12:00	PSYND, Mauro Verderosa, IT Security & IAM Specialist <b>Understand and prevent a Social Engineering attack</b>	Bitsight, João Gouveia, Labs CTO <b>The Security Risks of Orphaned Network Traffic</b>		
12:00	01:45	<b>Lunch</b>			

[http://www.sigs.info/technology\\_conference/](http://www.sigs.info/technology_conference/)

**18<sup>th</sup> of May 2017: Hacking Day (Technical “Hacking” & Security Awareness Topics)**

HACKING DAY					
Start	End	Moderator Max Moser On behalf of SIGS	Moderator David Gugelmann On behalf of SIGS	Moderator Swiss Cyber Storm Managed by SySS, Sebastian Schreiber	
01:45	02:15	<b>Keynote</b> <i>High-Tech Bridge SA, Stéphane Koch, Executive Vice President and General Counsel - False Sense of Security is Insecurity</i>			
02:25	03:25	<i>RUAG Schweiz AG, Alban Hessler, MSc EPFL, Security Analyst &amp; Peter Hladký, MSc ETH, Senior Cyber Security Specialist</i> <b>Live Hacking: Lateral Movement</b>	<i>OWL CyberSecurity, Oren Arar, Regional Director EMEA</i> <b>The Darknet risks for corporations</b>	<i>Cyberreason, Richard Cassidy, Director Sales Engineering</i> <b>Advanced Threat Hunting</b>	Workshop managed by SySS GmbH, Sebastian Schreiber, Founder and Managing Director <b>Planning and Implementation of Penetration Tests</b>  <a href="http://www.sig-switzerland.ch/workshop_penetration_tests/">http://www.sig-switzerland.ch/workshop_penetration_tests/</a>
03:25	04:00	<b>Break</b>			
04:00	04:25	<i>Kudelski Security, Alexandre Bécholey, Senior Security Engineer</i> <b>Bypassing iOS application anti-debugging technique and jailbreak detection</b>	<i>VSHN AG, Dr. Christian Folini, Business Partner and Security Engineer</i> <b>Setting the WAF on Fire</b>	Workshop managed by Swiss Cyber Storm <b>Hacking Show</b>  Workshop managed by SySS GmbH, Sebastian Schreiber, Founder and Managing Director <b>Planning and Implementation of Penetration Tests</b>  <a href="http://www.sig-switzerland.ch/workshop_penetration_tests/">http://www.sig-switzerland.ch/workshop_penetration_tests/</a>	
04:35	05:00	<i>Lucy Phishing, Oliver Muenchow, Founder</i> <b>Social Hacking</b>	<i>Inteltec AG, Christian Jucker, CEO</i> <b>Mobile Device Security, what can happen today?</b>		
05:10	05:35	<i>Agam Security, Jean-Pierre Montaut, CTO</i> <b>Attack-types which are hard to process in a SOC</b>	<i>Exeon Analytics, Dr. David Gugelmann</i> <b>Deep Learning and Machine Learning for Network Traffic Analysis</b>		
05:35	open end	<b>Apéro</b>
